that shape societies and cultures, and of the issues involved in critical philosophical thought.

Historians look to understand past societies and analyse processes of historical change.

Philosophers dissect world views and understand the past in relation to the present.

Critical theory is an approach to social philosophy which focuses on providing a reflective assessment and critique of society and culture in order to reveal and challenge power structures. With origins in sociology , as well as in literary criticism , [citation needed] it argues that social problems are

Philosophy of history is the philosophical study of history and its

discipline. The term was coined by French

philosopher Voltaire. In contemporary

philosophy a distinction

has developed between speculative philosophy

of history and critical

philosophy of history,

now referred to as
