Jeanette has asked about the difference between don't and doesn't. These are negative forms of one of the most important verbs in English. My colleague Kory Stamper, an editor of the Learner's Dictionary, responds: Both don't and doesn't are contractions. Don't is a contraction of do not, while doesn't is a contraction of does not, and they both act as auxiliary verbs.

The world doesn't care for people who only care about themselves. Get off your bottom, take responsibility and do something with your life and stop sponging off others." But we both know that's not true. The world won't care about you regardless if you make something of yourself or not because the world only cares about itself.
