The Early Masters of American Blues series provides the unique opportunity to study the true roots of modern blues. Stefan Grossman, noted roots-blues guitarist and musicologist, has compiled this fascinating collection of 13 songs, transcribed exactly as performed by legendary blues master Rev. Gary Davis. In addition to Stefan's expert transcriptions, the book includes online audio containing the original recordings of Rev. Gary Davis so you can hear the music as he performed it. Reverend Gary Davis, also known as Blind Gary Davis, was a master musician who felt comfortable playing in a wide variety of styles and techniques. He could freely improvise on ragtime, religious and blues themes, and was an exciting and vibrant performer. An ordained minister, Rev. Davis often expressed a preference for gospel music, sometimes refusing to play the blues. In addition to transcribing all the songs in this collection, Stefan Grossman was also a student of Rev. Davis.

A unique biography and instruction book featuring the influential blues and roots talents of Rev. Gary Davis, in standard music notation and tablature with discography and photographs. Learn the secrets to the great blues player's techniques, and the distinctive harmonies that characterise the sound of this magical bygone era. Includes Two Step Candyman and Death Don't Have No Mercy.

Who was the greatest of all American guitarists? You probably didn't name Gary Davis, but many of his musical contemporaries considered him without peer. Bob Dylan called Davis "one of the wizards of modern music." Bob Weir of the Grateful Dead—who took lessons with Davis—claimed his musical ability "transcended any common notion of a bluesman." And the folklorist Alan Lomax called him "one of the really great geniuses of American instrumental music." But you won't find Davis alongside blues legends Robert Johnson and Muddy Waters in the Rock and Roll Hall of Fame. Despite almost universal renown among his contemporaries, Davis lives today not so much in his own work but through covers of his songs by Dylan, Jackson Browne, and many others, as well as in the untold number of students whose lives he influenced. The first biography of Davis, Say No to the Devil restores "the Rev's" remarkable story. Drawing on extensive research and interviews with many of Davis's former students, Ian Zack takes readers through Davis's difficult beginning as the blind son of sharecroppers in the Jim Crow South to his decision to become an ordained Baptist minister and his move to New York in the early 1940s, where he scraped out a living singing and preaching on street corners and in storefront churches in Harlem. There, he gained entry into a circle of musicians that included, among many others, Lead Belly, Woody Guthrie, and Dave Van Ronk. But in spite of his tremendous musical achievements, Davis never gained broad recognition from an American public that wasn't sure what to make of his trademark blend of gospel, ragtime, street preaching, and the blues. His personal life was also fraught, troubled by struggles with alcohol, women, and deteriorating health. Zack chronicles this remarkable figure in American music, helping us to understand how he taught and influenced a generation of musicians.

In this new DVD/book/CD set Brad Davis teaches you how to add the blues to your flatpicking repertoire and how to introduce the blues feel to the flatpicking tunes you already know. In this comprehensive course you will learn the scales, rhythm styles, and chord progressions which define the blues, standard blues licks and phrases, and blues styles of players like Robert Johnson, Eric Clapton, and Stevie Ray Vaughn. Brad even demonstrates how to play Bill Monroes bluesy mandolin licks on the guitar. Elements of the blues can be found in all forms of American musicfrom bluegrass, to folk, to rock. On the DVD Brad demonstrates how to play several different arrangements of 12-bar blues rhythm and then shows you how to utilize the blues scales to improvise over the chord progression. This is done in a step-by-step easy to follow method through a variety of written examples in the book and opportunities for you to practice with the practice tracks on the audio CD. The audio CD also contains ear training lessons in the context of the blues! The goal of this book/DVD/CD set is not only to show you the elements of the blues, but to teach you how to be an improvisational player in the context of the blues so that you can jump into any blues jam and hold your own. Additionally, Brad teaches bluesy arrangements of a number of standard flatpicking fiddle tunes (Nine Pound Hammer, Lonesome Road Blues, Salt Creek, John Hardy). If you are tired of playing the same old deedle-deedle-deedle arrangements of fiddle tunes on the guitar, this course will help get you out of that rut! Duration: 81 minutes
