A highly effective police officer, albeit one who keeps her past carefully hidden, Eve West is suspended from duty after a police operation goes catastrophically wrong. Receiving help from an unexpected quarter – a criminal she put away many years before – Eve feels she has no choice but to agree to his request to investigate a possible miscarriage of justice in return. But why is a hardened criminal like John Duran so keen to help a fellow-inmate convicted of the murder of a stable-girl? And why has he chosen Eve to look into the case? Teaming up with crusading journalist Dan Cooper, Eve begins to uncover disturbing flaws in the original investigation. But as her past is dragged to the surface, she comes to realize she has been plunged into a case more complex and sinister than she ever imagined.

On a day when everything goes wrong for him, Alexander is consoled by the thought that other people have bad days too.

This handbook provides basic facts regarding foodborne pathogenic microorganisms and natural toxins.

True power is never held by good men, only the most perfect of villains. And she and I are both villains... I stole her, and she's so very angry. The cartel princess doesn't like being a pretty little pawn. She fights me when she should fear me. But oh, how her defiance excites me. She would kill me if she could, and I'd ruin her if I had an ounce less control. What a twisted game we play with sweet threats and cruel promises. I crave her madness in the most depraved ways because I know she'll be so beautiful when she bleeds. A queen who could set the world on fire and a king who would call it rain. Two very bad people who want very bad things are never safe together. Some love stories have no heroes.

One kid's trash is another kid's terror in this spooky supernatural mystery. When Cassidy Bean leaves New York to spend the summer upstate, she's disappointed to find that Whitechapel is not the quiet, pleasant suburb she remembers. Ursula Chambers, the strange old hermit at the end of the cul-de-sac, has passed away under mysterious circumstances. And the townspeople are shocked to discover that Ursula was a hoarder: Her farmhouse is teeming with stacks of newspapers, piles of furniture, mounds of antique dolls and taxidermy animals. Cassidy watches as the people of Whitechapel descend upon Ursula's farmhouse, claiming her abandoned treasures for their own. She listens as rumors spread that Ursula's vengeful ghost is stalking the town with a warning from beyond the grave. And when Cassidy resolves to uncover the truth behind the strangeness, she learns there are more bad things in the world than she ever suspected. . . . Modern master of the macabre Dan Poblocki is back with another scary story best read at night.

Bo Peep's sheep have gotten away from her, and as she searches for them, the naughty sheep romp through other Mother Goose nursery rhymes, creating chaos wherever they go.
