The Illustrated Buyer ' s Guide Porsche provides enthusiasts with information and insight helpful to identifying desirable models and avoiding problems as they search for their ideal Porsche. Adding new material and revising previous information, this book covers all the Porsche models through 2010, including the last of the air-cooled 911s, the water-cooled 911s, Cayenne, Cayman, Boxster, and Panamera.

This book presents a detailed description, analysis, comparison of the latest research and developments in photovoltaic energy. Discussing everything from semiconductors to system integration, and applying various advanced technologies to stand alone and electric utility interfaced in normal and abnormal operating conditions of PV systems, this book provides a thorough introduction to the topic. This book brings together research from around the world, covering the use of technologies such as embedded systems, the Internet of things and blockchain technologies for PV systems for different applications including controllers, solar trackers and cooling systems. The book is of interest to electronic and mechanical engineers, researchers and students in the field of photovoltaics.

An 8-year old girl decides to make a list of all the things she likes and dislikes about dealing with her autistic brother, and in doing so realizes that she has created A Manual for Marco. "Through her genuine and caring accounts about growing up with an older, autistic brother, this 8-year-old also shows her love for her sibling who is special but sometimes does things that are not-so-special. I highly recommend this book written with sensitivity and beautifully illustrated."

--Lorna d ' Entremont, M.Ed., Special Needs Book Review "Shaila Abdullah proves to be a great ambassador for autism, using explanations and warm, welcoming illustrations in A Manual for Marco that give a complex condition a simpler explanation." --C. Hope Clark, Author of The Carolina Slade Mysteries and The Edisto Island Mysteries "A Manual for Marco is a welcome addition to children ' s literature that will help in introducing the condition of autism to young people and providing information that will enable them to understand a little more about it so that it will not seem so scary." --Wayne Walker, Home School Book Reviews
