Dancing Skeletons: Life and Death in West Africa is a collection of her observations. In it Dettwyler introduces us to the social conventions of the region – including an extended greeting that must be got through for every person you meet that makes the obligatory, ‘ Good morning, how are you, hope your weekend went well ’ look like a snub.

Upon analysis, Dettwyler could see the amount of children living with parasites and use it to get a better understanding of how the bodies of Malians function. I will talk about this later, but it was very interesting to see from this research how many Malians had parasites but it did not even faze them. ... Dancing skeletons: life and death in ...

In chapter 12 Dettwyler describes the experience that led to the title of the book. While observing a celebration recognizing the apparent suc-cess of a CARE-sponsored immunization and safe drinking water proj-ect, Dettwyler realizes that the children are "dancing skeletons." She engages a CARE official in a discussion regarding the efficacy of re-
