ELMO visualisers enable you to view worksheets, maps from an atlas, 3D objects or to view objects through a microscope – everything is shown by the projector in large format. All students will be able to see what is being projected from anywhere in the classroom, allowing you to grab students' attention more easily and effectively reduce your lesson preparation time. (Depending on the model)

The most comprehensive NLP Practitioner course manual ever written. A fully revised and updated edition, it contains the very latest in Neuro-Linguistic Programming, particularly with regard to the Meta-states model and the Meta-model of language. For all those embarking on Practitioner training or wishing to study at home, this book is your essential companion. Written and designed by two of the most important theorists in NLP today.
