Environmental Politics: Domestic and Global Dimensions ...

Considered one of the most balanced and up-to-date books in its field, Environmental Politics captures the major issues and stakeholders in the shaping of environmental policy. The author provides both comprehensive and in-depth coverage in a readable, concise format for readers interested in finding out how environmental problems are identified and how solutions are formulated and implemented.

Environmental Politics: Domestic and Global Dimensions ...

Global environmental politics is a relatively new field of study within international relations that focuses on issues related to the interaction of humans and the natural world. As early as the mid-19th century, scholars wrote about the role of natural resources in global security and political economy.

Global Environmental Politics - International Relations ...

When the USA provides leadership, it bolsters multilateral efforts to address global environmental problems. When it fails to offer leadership, it weakens that effort. Either way, domestic political factors (rather than interstate relations) play a central role in shaping US global environmental policy.

The USA and Global Environmental Policy: Domestic ...

Global Environmental Politics examines relationships between global political forces and environmental change, with particular attention given to the implications of local-global interactions for environmental management, as well as to the implications of environmental change and environmental governance for world politics. Each issue contains several full-length research articles, and may also contain shorter forum articles and/or a research note.

Environmental Politics: Domestic and Global Dimensions: Vaughn, Jacqueline, Bryner, Gary C.: Amazon.sg: Books

Environmental Politics: Domestic and Global Dimensions ...

"A good introduction to political theory surrounding environmental policy development and an exceptional, very comprehensive historical review of the field of environmental policy. Few, if any, texts can match the breadth of the review topically and across both the domestic and global policy realms."
