Develop a unified view of the latest global macroeconomic events, connecting the short, medium and long run Macroeconomics: A European Perspective, 4th edition, by Blanchard, Amighini & Giavazzi is based on the best-selling US text by Blanchard and presents an integrated, global view of macroeconomics, showing the connections between goods markets, financial markets, and labour markets worldwide. This is a book rooted in the real-world: from the major economic crisis of the late 2000s to the profound economic effects caused by the COVID-19 pandemic, from monetary policy in the US, to Brexit, the problems of the Euro area and growth in China, it will help you make sense not only of current macroeconomic events but also those that may unfold in the future. This is an essential text for students studying Macroeconomics at intermediate level, fully supported by MyLab Economics. Reach every student by pairing this text with MyLab Economics "MyLabTM is the teaching and learning platform that empowers you to reach every student. By combining trusted author content with digital tools and a flexible platform, MyLab personalizes the learning experience and improves results for each student. Pearson, the world's learning company.

Olivier Blanchard, former chief economist of the International Monetary Fund (IMF), is author of one of the most important standard macroeconomics textbooks which is used throughout the world. Endorsed by Blanchard himself, Anti-Blanchard Macroeconomics critically analyses prevailing economic theory and policy in comparison with alternative approaches. This textbook is designed to stand alongside Blanchard's text, or indeed any other standard book on macroeconomics, but it can also be read independently. It provides undergraduate and advanced students with a critical view of the subject, and is also appropriate for scholars interested in a new way of analysing the debate between alternative schools of economic thought.

Macroeconomics: A European Perspective will give students a fuller understanding of the subject and has been fully updated to provide broad coverage of the ongoing economic turmoil in Europe. It's unified view of macroeconomics helps students to make the connections between the short, medium, and long run.

A Unified View of the Latest Macroeconomic Events In Macroeconomics, European EditionBlanchard, Giavazzi and Amighinipresent a unified, global and European view of macroeconomics, enabling students to see the connections between goods markets, financial markets, and labour markets worldwide. Organized into two parts, the text contains a core section that focuses on short-, medium-, and long-run markets and three major extensions that offer more in-depth coverage of the issues at hand. From the major economic crisis and monetary policy in Europe and globally togrowth in China, the text helps students make sense not only of current macroeconomic events but also of events that may unfold in the future. Integrated, detailed boxes in theThird European Editionhave been updated to convey the life of macroeconomics today; reinforce lessons from the models; and help students employ and develop their analytical and evaluative skills. This book gives students a thorough understanding of macroeconomics by taking a unified view of the subject, allowing connections to be made between the short, medium and long run. Re-written almost from scratch in light of the experience of the Great Recession, this text is essential reading for anyone studying macroeconomics in the aftermath of the financial crisis.
