Car sharing services, electric vehicles and autonomous driving are reshaping the automobile industry. These advancements, focus mainly on vehicle innovation and its accompanying policies, neglecting consideration for how our built environment will accommodate these future developments. This automotive transition will render its supporting infrastructure obsolete. Entities such as parking garages, car dealerships and auto-repair shops will need to transform and adapt to meet the demands of this evolving industry. The methods of adaptive reuse, can provide responsive and considerate solutions, to keep such facilities relevant. One type of architecture that is affected most by this transition, is the gas station.

Vols. for 1959- include an annual Factbook issue.

Crowd funding (sometimes called crowd financing, crowd sourced capital, or street performer protocol) describes the collective cooperation, attention and trust by people who network and pool their money and other resources together, usually via the Internet, to support efforts initiated by other people or organizations. Crowd funding occurs for any variety of purposes, from disaster relief to citizen journalism to artists seeking support from fans, to political campaigns, to funding a startup company or small business or creating free software. This book is your ultimate resource for Crowdfunding. Here you will find the most up-to-date information, analysis, background and everything you need to know. In easy to read chapters, with extensive references and links to get you to know all there is to know about Crowdfunding right away, covering: Crowd funding, Payment system, 1LINK, 3V (payment solution), Aadhar-enabled payment system, ACI Worldwide, Inc., Acquirer, Acquiring bank, Adyen, Allstar (fuel card), Alternative payments, American Express, Antedated cheque, Argentum album, AS 2805, ATM usage fees, Automated Clearing House, Automated teller machine, Autopass Card, BACHO record format, BACS, Bad Check Restitution Program, Banker's draft, Bankers' clearing house, Bankgiro, Bartercard, BASE24, The Benefit Company, Bilhete Unico, Bill Me Later, Bill of credit, Billpoint, BitPass, Blank cheque, Bluecorner, Boleto, BPAY, Card association, CardIt, CarIFS, Cash advance, Cashier's check, Cashplus, CashU Inc, CCBill, Central Securities Depository, Centricom, Certified check, Certified Funds, Certified Payment-Card Industry Security Auditor, Certified Payment-Card Industry Security Manager, CHAPS, Charge card, ChargeSmart, Chargify, Chase Paymentech, Check 21 Act, Check card, Cheque, Cheque guarantee card, Cheque truncation, Cheque truncation system, Chip and PIN, Chip Authentication Program, Choice (credit card), Circular note, Clearstream, Cleeng, ClickandBuy, CNG Processing A/S, Collect on delivery, Concord EFS, Inc., Confinity, Corporate travel management, Cougar Mountain Software, Crossing of cheques, Currence, CyberCash, Inc., Debit card, Decoupled debit card, Demand draft, Depository Trust & Clearing Corporation, Dexit, DigiCash, Digital wallet, Diners Club International, Direct corporate access, Direct debit, Disney's Fastpass, Double-spending, Dwolla, Dynamic currency conversion, E-gold, E-toll, Eagle Cash, Earnest payment, Ebillz, EBPP, Ecash, EDesk, EFaktura, EFTPOS, Electronic Benefit Transfer, Electronic bill payment, Electronic billing, Electronic Check Council, Electronic funds transfer, Electronic money, Electronic Money Association, Electronic Payment Services, Elektronisches Lastschriftverfahren, EPAS, Eurocheque, The Everything Card, Eway, EWay, Express Payment System, Faster Payments Service, First Data, Flatrr, FloristWare POS System, Freight payment service, FreshBooks, Fuel card, Gift card, Gilbarco Veeder-Root, Giro, Girocard, Giropay, Global Payments Inc., Google Wallet, GreenZap, GrIDSure, Honesty bar, Honesty box, Hundi, I2c Inc, IDEAL, IMF Balance of Payments Manual, InteliSpend Prepaid Solutions, Interac, Interac e-Transfer, Interbank Mobile Payment Service, Interbank Mobile Payment System, Internet currency, Irish Payment Services Organisation, ISO 8583, Issuing bank, K-CASH, Legal Electronic Data Exchange Standard, M-Pesa, Macau Pass, Malaysian Electronic Payment System, Manual fare collection, Medi Script, Mefo bills, Merchant account, Mergers & Acquisitions International Clearing House, MHITS, Micropayment, Military Payment Certificate, MM code, MNET, Mobile payment..and much more This book explains in-depth the real

drivers and workings of Crowdfunding. It reduces the risk of your technology, time and resources investment decisions by enabling you to compare your understanding of Crowdfunding with the objectivity of experienced professionals.

The problems of system grounding, that is, connection to ground of neutral, of the corner of the delta, or of the midtap of one phase, are covered. The advantages and disadvantages of grounded versus ungrounded systems are discussed. Information is given on how to ground the system, where the system should be grounded, and how to select equipment for the grounding of the neutral circuits. Connecting the frames and enclosures of electric apparatus, such as motors, switchgear, transformers, buses, cables conduits, building frames, and portable equipment, to a ground system is addressed. The fundamentals of making the interconnection or ground-conductor system between electric equipment and the ground rods, water pipes, etc. are outlined. The problems of static electricity (how it is generated, what processes may produce it, how it is measured, and what should be done to prevent its generation or to drain the static charges to earth to prevent sparking) are treated. Methods of protecting structures against the effects of lightning are also covered. Obtaining a low-resistance connection to the earth, use of ground rods, connections to water pipes, etc, are discussed. A separate chapter on sensitive electronic equipment is included.
