Years later, while delivering pizzas, Jeremy is injured in a car accident . . . that opens the gates between the worlds of the living and the dead, awakening the spirit of cruel Frank Edmondson. Frank, the policeman who arrived at the scene of that carnival accident long ago, was that woman ' s lover. Now, ready for revenge, Frank devises a cunning plan. Soon Jeremy finds himself visiting the realm of the dead in dreams and visions. Is this Frank ' s doing, or is there another explanation? Using a sleek muscle car called Monster, Frank gains control over Jeremy ' s life. But what Frank doesn't know is that he ' s tampering with the fate of the entire universe . . . because Jeremy isn't your average pizza delivery boy, and all hell is about to break loose—literally.

Almost everyone who crosses the therapist's threshold is looking for a second chance—a shot at living a richer, less restricted life. Understanding how echoes of the past resonate in and shape the present provides opportunities to resolve crippling conflicts and make new choices. Furthermore, such insight produces a sense of mastery. But not everyone is aware that the problems s/he brings into weekly therapy are just the first few bars of his or her song. Jane Hall wrote Deepening the Treatment to help the psycho-dynamically informed therapist help the patient recognize that exploring ideas and feelings is a journey worth taking and that the therapist is a trustworthy guide. Often, people need to wade before they feel comfortable diving into deep waters. Hall introduces a responsible if unconventional application of respectful, nondirective therapy, and she supports her vision with clinical examples and thoughtful attention to issues of basic technique—among them separation, termination, self-disclosure, frequency of sessions, tolerating patient rage, and, of course, interpreting the transference.

WHERE PETALS FALL **BONUS** Includes the first two chapters (sneak peek) of New York Times & USA Today bestselling historical fiction novel, HAVE NO SHAME. "With vivid prose and a tender heart, Melissa Foster has crafted a psychological and emotional mystery fueled by love in all its forms." --Jennie Shortridge, Author of Love Water Memory On the surface Junie Olson's life looks idyllic, from her handsome husband and beautiful daughter to her successful business, the bakery she'd always dreamed of opening. But in the past few months her world has slowly unraveled. Her precocious child is withdrawing, showing unexplainable signs of emotional regression, a condition that frays the bonds of Junie's once impenetrable marriage. When her father dies suddenly of a heart attack, Junie packs up her daughter and goes home to help her mother. Her homecoming stirs up memories of the nightmare she thought she had put behind her, the disappearance of her childhood friend, Ellen. Haunted by recurring memories of what happened on that fateful day, Junie must gather the courage to revisit her past and untangle the secrets surrounding her missing friend, and the trauma that has caused her little girl to climb back into herself. As the pieces come together on the event that shook her small town, and at the risk of losing everyone she loves, Junie will question everything she thought she could rely on and everyone she thought she knew. WHERE PETALS FALL is a gripping and emotional novel with an undercurrent of suspense, featuring a determined mother whose world slowly comes apart around her. Readers will root for Junie as they follow her transition into an indomitable heroine who must reconcile what she discovers about her husband and family's tragic past, and find a way to put the pieces of her family back together and carry on.

This book provides the most comprehensive history of the export of CANDU reactors to date. A pressurized heavy water natural-uranium power reactor designed and marketed by Atomic Energy of Canada Limited, the CANDU reactor has played a significant part in Canada's international trade. In this history, Duane Bratt examines every CANDU sale, as well as some important unsuccessful sales attempts, from 1956 to the present. He also outlines the impact that changes in the international political climate, such as the creation and strengthening of the international nuclear non-proliferation regime and the increasing importance of human rights and environmental protection, have had on CANDU exports over the last fifty years.

Kadence Kavanagh has spent the last two years trying to rebuild her life. When a job opportunity presents itself, she can't say no, even if it's with the man who's life was ruined by her father's indiscretion. It's been years since she last saw Caleb Callahan, and she's not even sure he remembers her, but she's determined to give herself a clean slate no matter who she has to work for. In the unlikeliest of circumstances, Caleb becomes her savior - if somewhat reluctantly - and she discovers that the man she's read about in the gossip columns is nothing more than a smoke screen. Kadence knows that keeping her distance is for the best, no matter how difficult, but when Caleb proposes the unthinkable, she finds herself caught between what's real, and what she wishes was real. Caleb and Kadence lose themselves in a lie, and when reality comes knocking, they realize that all they were doing was playing pretend..
