Soil Acidity and Plant Growth emerged from concerns over increasing acidification of soils under improved pastures over wide areas of southern Australia. While the book has its origin in the problems of acidification of Australian soils under pastures, the authors examine soil acidity within a much broader framework, making their views relevant to all agricultural and natural ecosystems on acid soils. The book's first two chapters discuss the chemistry of soil acidity and

the ecological processes leading to it. This is followed by separate chapters on biological responses to soil acidity, covering mineralization of soil nitrogen, incidence of plant diseases, plant mycorrhizal associations, symbiotic nitrogen fixation in legumes, and genetic variability in plant response to toxicities. The remaining chapters focus on the correction of soil acidity problems by liming. These include studies on the rates of application and effectiveness of liming materials; and the development and use of computer modelling procedures to help researchers identify the effects and interactions of soil pH on component processes and to provide assistance to farmers in the management of long-term subterranean clover pastures.

In any career in business, chances are that the time will come when someone will ask you to do a strategy for something. Too often, this will be a cue for stress at work and sleepless nights. What You Need to Know about Strategy shows that it doesn't have to be like this. Taking you step-by-step through the basics of what you need to know to come up with a great strategy, it shows: That getting the right answers depends on asking the right questions Why priorities matter How to map out your internal and external situation How to deal with uncertainty How to make tough choices What your brain does while you're doing strategy By cutting out the theory, and focusing on the

Lyman Boats: Legend of the Lakes. . . is the definitive, all-inclusive history of the "Clinker-Built" boats that defined the lapstrake hull. Author Tom Koroknay has used his exclusive access to the original Lyman archives to tell the story of the Lyman family, their successful business, and the boats they built. Era by era, model by model, Koroknay details the development of the lapstrake boats proudly built by the Lymans and their employees. The book is illustrated with more than 120 rare black and white photographs selected from the Lyman archives, as well as about 70 modern color photos of various Lyman boats. This is a must-have volume for any classic wooden boat
