Look at Me! examines the desire to be famous in people of all ages, backgrounds, and social status and how succeeding or failing affects their lives and their personalities. It explores the implications of the pursuit of fame throughout a person's lifetime, covering the nature of the desire; fame, money, and power; the sources of fame; how people find a path to fame; the kinds of recognition sought; creating an audience; making fame last; and the resulting, often damaged, life of the fame ...

"Look at Me! provides answers. It turns out that there is a significant number of people in this nation (and around the world) who have the desire for fame as a basic motive driving their lives. In this book I learned that the fame motive has never been seriously explored from the perspective of an expert in human development. Dr.
