In this gripping memoir, the sole survivor of the disastrous 2013 fire in Yarnell, Arizona recalls the natural disaster that took the lives of 19 "hotshots"--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming an inveterate heroin addict when he decided to enlist in Granite Mountain, an elite hotshot crew of wildland firefighters based in Arizona. Thanks to his crew's firm but loving encouragement, McDonough made the cut and battled many extreme blazes alongside his newfound "brothers," receiving a life with purpose as part of a team. Then, on June 30, 2013, during a fire at which McDonough was serving as lookout, a freak inferno trapped and killed all 19 members of his crew. MY LOST BROTHERS traces McDonough's minute-by-minute account of witnessing his fellow hotshots' brave, selfless battle--as well as its aftermath.

The true story behind the events that inspired the major motion picture Only the Brave. A "unique and bracing" (Booklist) first-person account by the sole survivor of Arizona's disastrous 2013 Yarnell Hill Fire, which took the lives of 19 "hotshots"--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming a hopeless, inveterate heroin addict when he, for the sake of his young daughter, decided to turn his life around. He enlisted in the Granite Mountain Hotshots, a team of elite firefighters based in Prescott, Arizona. Their leader, Eric Marsh, was in a desperate crunch after four hotshots left the unit, and perhaps seeing a glimmer of promise in the skinny would-be recruit, he took a chance on the unlikely McDonough, and the chance paid off. Despite the crew's skepticism, and thanks in large part to Marsh's firm but loving encouragement, McDonough unlocked a latent drive and dedication, going on to successfully battle a number of blazes and eventually win the confidence of the men he came to call his brothers. Then, on June 30, 2013, while McDonough--"Donut" as he'd been dubbed by his team--served as lookout, they confronted a freak, 3,000-degree inferno in nearby Yarnell, Arizona. The relentless firestorm ultimately trapped his hotshot brothers, tragically killing all 19 of them within minutes. Nationwide, it was the greatest loss of firefighter lives since the 9/11 attacks. Granite Mountain is a gripping memoir that traces McDonough's story of finding his way out of the dead end of drugs, finding his purpose among the Granite Mountain Hotshots, and the minute-by-minute account of the fateful day he lost the very men who had saved him. A harrowing and redemptive tale of resilience in the face of tragedy, Granite Mountain is also a powerful reminder of the heroism of the people who put themselves in harm's way to protect us every day.

In August 2014 Limerick man Jason Corbett was murdered by his wife, Molly Martens, and her father, ex-FBI agent Tom Martens, in the bedroom of their luxury North Carolina home. He had been savagely beaten to death with a baseball bat and brick while his children slept nearby. For his sister, Tracey Corbett-Lynch, and the rest of his family in Ireland it was just the beginning of the nightmare that would involve a custody battle for his orphaned children, an online hate campaign by Molly Martens and, ultimately, the gripping trial that would lead to her conviction, alongside her father, for his murder. My Brother Jason is the story of how this seemingly all-American girl from a picture-perfect family targeted the widowed Jason Corbett, becoming nanny to his children in a desperate bid to create the family and security she craved, thus setting in motion a series of events that would lead to Jason's brutal killing by the woman he had once loved. Here, for the first time, Tracey Corbett-Lynch tells her family's side of the story in a book that contains shocking revelations about Molly Marten's history of strange behaviour and the lengths she was willing to go to in order to get custody of Jason's children. With full access to Jason's letters, emails, keepsakes and photographs, it is the story of how an ordinary, loving family was torn apart by the brutal murder of their beloved brother.

Biography of experiences by an American living in Southeast Turkey and Northern Iraq during and after the first Gulf War.

"A dynamic group biography studded with design history and high-society dash . . . [This] elegantly wrought narrative bears the Cartier hallmark."--The Economist The captivating story of the family behind the Cartier empire and the three brothers who turned their grandfather's humble Parisian jewelry store into a global luxury icon--as told by a great-granddaughter with exclusive access to long-lost family archives "Ms. Cartier Brickell has done her grandfather proud."--The Wall Street Journal The Cartiers is the revealing tale of a jewelry dynasty--four generations, from revolutionary France to the 1970s. At its heart are the three Cartier brothers whose motto was "Never copy, only create" and who made their family firm internationally famous in the early days of the twentieth century, thanks to their unique and complementary talents: Louis, the visionary designer who created the first men's wristwatch to help an aviator friend tell the time without taking his hands off the controls of his flying machine; Pierre, the master dealmaker who bought the New York headquarters on Fifth Avenue for a double-stranded natural pearl necklace; and Jacques, the globe-trotting gemstone expert whose travels to India gave Cartier access to the world's best rubies, emeralds, and sapphires, inspiring the celebrated Tutti Frutti jewelry. Francesca Cartier Brickell, whose great-grandfather was the youngest of the brothers, has traveled the world researching her family's history, tracking down those connected with her ancestors and discovering long-lost pieces of the puzzle along the way. Now she reveals never-before-told dramas, romances, intrigues, betrayals, and more. The Cartiers also offers a behind-the-scenes look at the firm's most iconic jewelry--the notoriously cursed Hope Diamond, the Romanov emeralds, the classic panther pieces--and the long line of stars from the worlds of fashion, film, and royalty who wore them, from Indian maharajas and Russian grand duchesses to Wallis Simpson, Coco Chanel, and Elizabeth Taylor. Published in the two-hundredth anniversary year of the birth of the dynasty's founder, Louis-François Cartier, this book is a magnificent, definitive, epic social history shown through the deeply personal lens of one legendary family.

In December 2010 residents of Kalimpong, a town on the Indian border with Tibet, turned out en masse to welcome the Dalai Lama. It was only then they realized for the first time that the neighbor they knew as the noodle maker of Kalimpong was also the Dalai Lama's older brother. The Tibetan spiritual leader had come to visit the Gaden Tharpa Choeling monastery and join his brother for lunch in the family compound. Gyalo Thondup has long lived out of the spotlight and hidden from view, but his whole life has been dedicated to the cause of his younger brother and Tibet. He served for decades as the Dalai Lama's special envoy, the trusted interlocutor between Tibet and foreign leaders from Chiang Kai-shek to Jawaharlal Nehru, Zhou Enlai to Deng Xiaoping. Traveling the globe and meeting behind closed doors, Thondup has been an important witness to some of the epochal events of the 20th century. No one has a better grasp of the ongoing great game as the divergent interests of China, India, Russia and the United States continue to play themselves out over the Tibetan plateau. Only the Dalai Lama himself has played a more important role in the political history of modern, tragedy-ridden Tibet. Indeed, the Dalai Lama's dramatic escape from Lhasa to exile in India would not have been possible without his brother's behind-the-scenes help. Now, together with Anne F. Thurston, who co-wrote the international best seller *The Private Life of Chairman Mao*, Gyalo Thondup is finally telling his story. The settings are exotic--the Tibetan province of Amdo where the two brothers spent their early childhood; Tibet's legendary capital of Lhasa; Nanjing, where Thondup received a Chinese education; Taiwan, where he fled when he could not return to Tibet; Calcutta, Delhi, and the Himalayan hill towns of India, where he finally made his home; Hong Kong, which served as his listening post for China, and the American Rockies, where he sent young Tibetan resistance fighters to be trained clandestinely by the CIA. But Thondup's story does not reiterate the otherworldly, Shangri-La vision of the Land of Snows so often portrayed in the West. Instead, it is an intimate, personal look at the Dalai Lama and his immediate family and an inside view of vicious and sometimes deadly power struggles within the Potala Palace--that immensely imposing architectural wonder that looms over Lhasa and is home to both the spiritual and secular seats of Tibetan power.

AVAILABLE FOR THE FIRST TIME IN eBook! A man returns to the town where a baffling murder took place 27 years earlier, determined to get to the bottom of the story. Just hours after marrying the beautiful Angela Vicario, everyone agrees, Bayardo San Roman returned his bride in disgrace to her parents. Her distraught family forced her to name her first lover; and her twin brothers announced their intention to murder Santiago Nasar for dishonoring their sister. Yet if everyone knew the murder was going to happen, why did no one intervene to stop it? The more that is learned, the less is understood, and as the story races to its inexplicable conclusion, an entire society--not just a pair of murderers--is put on trial.
