There have been many great and enduring works of literature by Caribbean authors over the last century. The Caribbean Contemporary Classics collection celebrates these deep and vibrant stories, overflowing with life and acute observations about society. Old Story Time is a Caribbean classic, providing brilliantly entertaining theatre about race, identity, malice, and the redeeming power of love. In this enthralling drama, we progress with Len from poor scholarship boy to successful accountant. We see a similar but opposite shift in George, from wealthy, well-connected schoolboy to double-dealing crook. Len's mother Miss Aggy, the girls he first loves, and the woman he eventually marries, many destinies are entwined with Len's. Misunderstandings can be dangerous, and trust and love need some help to win through. With the help of Pa Ben, our far-seeing narrator, can things end well? Trevor Rhone was a leading dramatist in Jamaica. His sparkling and original talent has won acclaim from critics and audiences worldwide. Suitable for readers aged 14 and above.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Laura Berk's Development Through the Lifespan is relied upon in classrooms worldwide for its clear, engaging writing style, exceptional multicultural and cross-cultural focus, cutting-edge consideration of the interrelationships between heredity and environment, rich examples, and long-standing commitment to presenting the most up-to-date scholarship. This new edition continues to offer students research-based practical applications that they can relate to their personal and professional lives. Laura Berk, renowned professor and researcher, has revised the text with new pedagogy, a heightened emphasis on the interplay between heredity and environment, and an enhanced focus on many social policy issues, while emphasizing the lifespan perspective throughout. The latest theories and findings in the field are made accessible to students in a manageable and relevant way. Berk's signature storytelling style invites students to actively learn beside the text's "characters." Students are provided with an especially clear and coherent understanding of the sequence and underlying processes of human development, emphasizing the interrelatedness of all domains—physical, cognitive, emotional, social—throughout the text narrative and in special features. Berk also helps students connect their learning to their personal and professional areas of interest. Her voice comes through when speaking directly about issues students will face in their future pursuits as parents, educators, health care providers, social workers, and researchers. As members of a global and diverse human community, students are called to intelligently approach the responsibility of understanding and responding to the needs and concerns of both young and old. While carefully considering the complexities of human development, Berk presents classic and emerging theories in an especially clear, engaging writing style, with a multitude of research-based, real-world, cross-cultural, and multicultural examples. Strengthening the connections among developmental domains and of theory and research with applications, this edition's extensive revision brings forth the most recent scholarship, representing the changing field of human development. This collection of plays by the most popular playwright in the West Indies features the never previously published BBC-commissioned radio play "The Power" , along with two frequently-staged favourites from the Rhone canon - "Two Can Play" and "School's Out" . In the two-hander "Two Can Play" , Jim and Gloria try their wildest schemes to escape Kingston gun crime and establish residence in the United States. "School's Out" examines the dysfunctional staff of a Jamaican school likely to turn any child into a juvenile delinquent. "The Power" tackles bullying, and how a young boy solves

his problems by developing his self-confidence through a `magic` trick.
