General Chemistry - Linus Pauling - Google Books

Linus Pauling's first college textbook, General Chemistry, revolutionized science textbook publishing and changed how professors, students, and authors approached introductory texts. The first edition was published in 1947 by a fledgling independent press, W.H. Freeman and Company, that enjoyed its first taste of success as a result of Pauling's book.

General Chemistry | PaulingBlog

Linus Pauling is of course the only Dover author to win two Nobel prizes, for Chemistry in 1954 and for Peace in 1962; he is the only winner in history of two unshared Nobel Prizes. In the Author's Own Words: "Satisfaction of one's curiosity is one of the greatest sources of happiness in life."

[Quimica General Linus Pauling - Wiring Library](#)

Linus's book is an extremely well written discussion of the fundamentals of atomic theory (including a discussion of statistical and classical thermodynamics). It predominantly focuses on the "basics", and inorganic chemistry; unfortunately organic chemistry is not mentioned in huge detail, although this is understandable given the breath of the subject.

[An examination of General Chemistry, published by Linus Pauling seventy years ago. This is part 3 of 7.] The first edition of Linus Pauling's General Chemistry textbook was published by W.H. Freeman and Co. in August 1947, and almost immediately the comment cards poured in. The majority of the book's readers praised Pauling's refreshingly modern approach to the principles of chemistry.
