Max Weber's *Economy and Society* is the greatest sociological treatise written in this century. Published posthumously in Germany in the early 1920's, it has become a constitutive part of the modern sociological imagination. *Economy and Society* was the first strictly empirical

comparison of social structures and normative orders in world-historical depth, containing the famous chapters on social action, religion, law, bureaucracy, charisma, the city, and the political community with its dimensions of class, status and power.

Economy and Status is Weber's only major

treatise for an educated general public. It was meant to be a broad introduction, but in its own way it is the most demanding textbook yet written by a sociologist. The precision of its definitions, the complexity of its typologies and the wealth of its historical content make the work a continuous challenge at

A History of Argentina
in the Twentieth
Century, originally
published in Buenos

instant status as a
classic. Written as an
introductory text for
university students and

the general public, it is a profound reflection on the “Argentine dilemma” and the challenges that the country faces as it tries to rebuild democracy. Luis Alberto Romero brilliantly and painstakingly reconstructs and analyzes Argentina’s tortuous, often tragic modern history, from

the “alluvial society”
born of mass
immigration, to the
dramatic years of Juan
and Eva Perón, to the
recent period of military
dictatorship. For this
second English-

Romero has written new
chapters covering the
Kirchner decade
(2003–13), the
upheavals surrounding

the country's 2001 default on its foreign debt, and the tumultuous years that followed as Argentina sought to reestablish a role in the global economy while securing democratic governance and social peace.

Esmeralda Santiago's story begins in rural Puerto Rico, where her

childhood was full of both tenderness and domestic strife, tropical sounds and sights as well as poverty.

Growing up, she learned the proper way to eat a guava, the sound of tree frogs in the mango groves at night, the taste of the delectable sausage called morcilla, and the formula for ushering a dead baby's

soul to heaven. As she enters school we see the clash, both hilarious and fierce, of Puerto Rican and Yankee culture.

When her mother, Mami, a force of nature, takes off to New York with her seven, soon to be eleven children, Esmeralda, the oldest, must learn new rules, a new language, and eventually take on a
