## ~~Stages of the Dying Process and What to Expect ...~~

The dying process is a period of time when the body begins to shut down and prepare for death. It's an important period of time for the dying person and their loved ones during which they can express their feelings and show their love. It's a time of preparation for the dying person and their loved ones who must get ready for the inevitable loss.

## ~~6 Steps for Recognizing and Coping With Dying~~

The body ' s temperature may change. At one time the person ' s hands, feet and legs may be increasingly cool to the touch, and at others they may be hot and clammy. Sometimes parts of the person ' s body become blotchy and darker in colour. This is due to the circulation of the blood slowing down and is a normal part of the dying process.

## ~~The Dying Process—Palliative Care~~

However, we do know a bit about the process that occurs in the days and hours leading up to a natural death, and knowing what's going on may be helpful in a loved one's last moments. During the dying process, the body's systems shut down. The dying person has less energy and begins to sleep more and more. The body is conserving the little energy it has, and as a result, needs less nourishment and sustenance.

## ~~What happens during the dying process? | HowStuffWorks~~

The Dying Process As a person comes close to death, the dying process begins; a journey from the known life of this world to the unknown of what lies ahead. As this process begins, a person starts on a mental path of discovery, comprehending that death will indeed occur and believing in their own mortality.

## ~~How to Recognize When Your Loved One Is Dying~~

begins to ' let go ' of life.

~~At the end — dying explained — Better Health Channel~~

Thanatology is the scientific study of death and the losses brought about as a result. It investigates the mechanisms and forensic aspects of death, such as bodily changes that accompany death and the post-mortem period, as well as wider psychological and social aspects related to death. It is primarily an interdisciplinary study offered as a course of study at numerous colleges and universities.
