The road to licensing a profitable, innovative product or technology is riddled with curves, holes, and rocky cliffs. The President of the United Inventors Association shows inventors, innovators, and makers a better path towards monetizing your creations and how to avoid the get-rich-quick scammers. Every year, hundreds of thousands of eager inventors around the globe spend millions of dollars seeking assistance from inventor service companies and individuals claiming to be experts in the innovation and licensing fields, though their actual success rates are poor in relation to the dollar amounts they charge. The reality is, according to Inventors ' Digest™, while 78% of new inventors believe they will make over a million dollars with their inventions, less than 1% actually do. Marketers prey on this scenario for their own financial gain. In *Inventor Confidential*, inventor advocate Warren Tuttle tips the

odds back in the investor ' s favor, helping them: Gain a much broader picture of the many current challenges that inventors face these days. Understand the red flags to watch out for when individuals or companies charge up front for their coaching or help-to-market services. See how inventors can improve their odds of licensing success by following a thorough product development protocol, creating working prototypes, and filing U.S. patents. Get the insider perspective on how companies determine the quality of a product submission and if they want to work with the inventor. Learn the 30 steps to market if you want to go it alone. For anyone who has a great idea or invention and wants to monetize it but are not sure who to trust, Inventor Confidential will show them where to best spend their hard-earned money to maximize their odds for success.

Church planting has become a cottage industry. National conferences, hip planting organizations, and all-in-one resource kits celebrate the thrill of pioneering a church and inspire visions of glorious victories. Yet few who respond to the call are warned what they'll actually encounter: the relentless opposition they'll endure; the eventual scattering of their entire core group; the failure of their tried-and-true, field-tested system. Here's the dirty little secret of church planting: the roadside is strewn with casualties. Many have closed their churches. Some left ministry permanently. Others abandoned the faith altogether. Church planting is at once the greatest and most grueling ministry work on earth. This book is for those toiling in the trenches, those about to bail out, and those considering jumping in. It's for the church planters laboring and struggling, seeing little movement, and wondering what they're doing wrong or why God is failing them. It's also for mother churches, planting

organizations, and denominations, as a challenge to rethink and re-calibrate the way they approach and measure planting endeavors. The Honest Guide to Church Planting is a fresh and candid conversation about the challenges and joys of planting new churches. Tom Bennardo speaks the truth so that those involved in church planting can embrace a more accurate and realistic picture of what planting a church is really like; one that not only enables them to survive, but to thrive in this wondrous work.
