On May 27th, 1784, Wolfgang Amadeus Mozart met a flirtatious little starling in a Viennese shop who sang an improvised version of the theme from his Piano Concerto no. 17 in G major. Sensing a kindred spirit in the plucky young bird, Mozart bought him and took him home to be a family pet. For three years, the starling lived with Mozart, influencing his work and serving as his companion, distraction, consolation, and muse. Two centuries later, starlings are reviled by even the most compassionate conservationists.
