I wanted to use this MIFI 4510 as part of a remote monitoring system for a new off-grid solar system. I had tested the unit in my house and noticed it disconnecting from the verizon network on its own with no warning. I called Verizon Tech support and got to a tech who agreed it was a Verizon network issue and they would look into it. A week ...

I accessed the WWAN menu for the mifi.admin interface. There was no IP address (0.0.0.0) and the device was alternating violet and green flashes. I then set the mode to LTE only. That caused the device to reset and it has not lost a connection since (only about 30 minutes ago). I did not power down the MiFi or any other physical action to the ...
